

YOUSEE

GENERAL INFORMATION

ABOUT US

YouSee is a 3D-visualization studio. We work on interior and exterior renders, 360 virtual tours, 3D floor plans, architectural animation, VR, and AR.

The young energy of the experienced professionals - is what our team is. Open-minded, driven by natural curiosity, we explore new technologies and inventions. Creating pieces of art within each project is our passion. Our approach in photorealistic CGI production is the constant search for

Our mission

We are here to produce the most remarkable but still available 3D visualizations for those, who create the world around. We tend to be clear, straightforward, and effective in all our actions and steps.

SERVICES

1

3D Interior Rendering

Visualize your concept and help your client's imagination

2

3D Exterior Rendering

Show your architectural ideas and easily achieve success

3

360° Panoramic Tour

Take advantage of modern technology to invite your clients to their future property

4

3D Floor Plan

Make your plans come to life with the ultimate photorealistic approach

3D Interior Rendering

Creating a perfect interior design is a matter of art. Showing your talent to the client by developing the excellently clear 3D images of your ideas is our matter.

3D Exterior Rendering

Architecture, landscape, urban territory - whatever the challenging project you face, we are your supporting 3D visualization team. Express yourself in designs, and we will show it to the world.

360° Panoramic Tour

The best way to dive into the creative depth of the project is developing a 360 premises tour. Let it be interior or exterior to walk through - your clients will be impressed by your ideas right from the start.

3D Floor Plan

Discover the new way to present your floor plans. We specify the materials, location of the furniture, and all the details in a photorealistic CGI to make the upper-level client presentations.

WORKFLOW

Just 6 steps to perfect CGI:

Let's start STEP 1

Provide as much information as you can to make you the best proposal ever. Everything that gives the idea of your project is appreciated.

Analysis STEP 2

We go deeper into received documentation, ask for possible clarifications, and prepare the estimate of your project.

Game on STEP 3

Once the tasks and terms are agreed, and the advance payment is executed, we start to create.

In progress STEP 4

We provide the preliminary images for your review, amend the renders upon your feedback to perform the most satisfying result.

Almost there STEP 5

Before we start the post-production phase, we send you the final images for confirmation and minor updates.

Here we are STEP 6

That was quite easy, wasn't it? Here are the great photorealistic images for your presentations, website and marketing.

price list

Valid from 01 Dec 2020 to 01 March 2021

3D INTERIOR RENDERING

	BASIC	STANDARD	ADVANCED
Working hours	6 - 10	10 - 25	25 - 40
Area, sqm*	less than 20	20 - 60	60 - 100
Geometry of the space	clear (rectangular, square etc)	uneven (with partitions, angles etc)	any geometry
Textures	basic	basic	custom modelled
Furniture	standard	standard	custom modelled
Decor elements	few	limited	unlimited
Technical elements	no	basic	all technical elements needed
Visual effects	no	possible	reflections, sun rays etc.
Maximum final image size	HD 720 (1280*720)	HD 1080 (1920*1080)	4K (3840*2650)
Any additional image within the scene	extra USD 70	extra USD 100	extra USD 140
Additional day/night view	extra USD 35	extra USD 70	extra USD 105
Any additional image of the part of the scene** with view on other angle details	extra USD 100	extra USD 210	extra USD 280
	USD 278 <small>PER IMAGE</small>	USD 420 <small>PER IMAGE</small>	USD 630 <small>PER IMAGE</small>

* this parameter has an estimate value

** scene includes all the modelled elements within the set angle of view
without VAT

3D INTERIOR RENDERING | EXAMPLES

These examples demonstrate the difference between Standard and Advanced rendering options

STANDARD Good quality, less details

ADVANCED High quality, many details

3D EXTERIOR RENDERING

	BASIC	STANDARD	ADVANCED
Working hours	6 - 10	10 - 25	25 - 40
Area, sqm*	one building less than 150 sqm	one building less than 500 sqm or two equal buildings	one building 500 - 900 sqm or two equal buildings
Geometry of the building	clear	uneven	any geometry
Textures	basic	basic	custom modelled
Landscape	standard	standard	custom modelled
Decor elements	few	limited	unlimited
Technical elements	no	basic	all technical elements needed
Visual effects	no	possible	mist, reflections, clouds etc.
Maximum final image size	HD 720 (1280*720)	HD 1080 (1920*1080)	4K (3840*2650)
Any additional image within the scene	extra USD 140	extra USD 210	extra USD 350
Additional day/night view	extra USD 100	extra USD 140	extra USD 280
Any additional image of the part of the scene** with view on other angle details	extra USD 245	extra USD 350	extra USD 490
	USD 420 <small>PER IMAGE</small>	USD 560 <small>PER IMAGE</small>	USD 840 <small>PER IMAGE</small>

* this parameter has an estimate value

** scene includes all the modelled elements within the set angle of view without VAT

3D EXTERIOR RENDERING | EXAMPLES

These examples demonstrate the difference between Standard and Advanced rendering options

STANDARD Good quality, less details

ADVANCED Great quality, more details

3D FLOOR PLAN

	3D STANDARD	3D ADVANCED
Working hours	10 - 25	25 - 40
Area, sqm*	less than 100	100 - 200
Textures	basic	custom modelled
Furniture	standard	custom modelled
Decor elements	limited	unlimited
Technical elements	basic (only switches, skirting, radiators)	all technical elements needed
Visual effects	possible	reflections, sun rays etc.
Maximum final image size	HD 1080 (1920*1080)	4K (3840*2650)
Any additional image within the scene**	extra USD 100	extra USD 140
Additional day/night view	extra USD 100	extra USD 210
Any additional image of the part of the scene** with view on other angle details	extra USD 100	extra USD 210
	USD 210	USD 350

* this parameter has an estimate value

** scene includes all the modelled elements within the set angle of view without VAT

360° PANORAMIC TOUR

If you already ordered more than 2 still images of opposite scenes* of the space, the price is:

	BASIC	STANDARD	ADVANCED
Additional day/night view	extra USD 140/space	extra USD 280/space	extra USD 420/space
	USD 100 PER VIEW POINT	USD 200 PER VIEW POINT	USD 300 PER VIEW POINT

If you haven't ordered still images of the space, the price is:

	BASIC	STANDARD	ADVANCED
Working hours	35 - 45	45 - 100	100 - 150
Area, sqm (for interior 360°)**	less than 20	20 - 60	60 - 100
Geometry of the building (for exterior 360°)**	clear geometry	uneven geometry (with bay windows, porches etc.)	any geometry
Textures	basic	basic	custom modelled
Furniture/landscape	standard	standard	custom modelled
Decor elements	few	limited	unlimited
Technical elements	no	basic	all technical elements needed
Effets visuels	no	possible	mist, reflections, clouds etc.
Taille maximale de l'image finalisée	HD 720 (1280*720)	HD 1080 (1920*1080)	4K (3840*2650)
Par une image supplémentaire jour/nuit	extra USD 140/space	extra USD 280/space	extra USD 420/space
	USD 840 PER VIEW POINT	USD 1190 PER VIEW POINT	USD 1750 PER VIEW POINT

* scene includes all the modelled elements within the set angle of view

** this parameter has an estimate value
